MT230

The Classic Performer

With the power to open very large garage doors, this opener is a classic performer. Basic and functional design has been matched with modern electronics to produce this powerful AC opener. Engineered to open sectional and tilt garage doors up to 21m², the MT230 is a modern classic.

DOOR TYPES: for sectional and tilt garage doors up to 21m²

Double Sectional

Single Sectional

Double Tilt

Single Tilt

KEY BENEFITS:

Drive System: *Chain*

Industrial strength chain drive system with one piece pole.

Accessories Included

This opener features two handheld mini transmitters and a wireless wall button. Illustrations are provided in the 'Kit Contents' section. See the reverse page for some optional accessories.

Dual Speed

The MT230 can be configured to run faster for sectional doors or slower for tilt doors. Compatible with older one-piece doors.

12V 100mA Accessory Output

Allows easy installation of wired accessory devices directly to the opener's power supply terminals.

Courtesy lighting

Extra compact 40 Watt light illuminates your garage when the opener is activated.

KIT CONTENTS:

1 x Powerhead

2 x Three channel key ring mini-transmitters C945

Wireless wall button CM128

Standard Merlin safety features

Automatic Safety Reverse

With its automatic safety function your garage door will stop and reverse automatically if obstructed going down or stop if obstructed going up. Your door can also be stopped and locked at any height for ventilation.

Automatic Force Sensing

Equipped with automatic force sensing, with each operation the garage door opener monitors and adjusts the force needed to open your garage door.

Manual Release

In case of power failure you can simply activate the manual release to open your garage door.

Warranty

The MT230 comes with a two year general warranty and a five year warranty on the motor. Unlimited operations for domestic use applications.
